### Hungarian Horntail (dragon)

The Hungarian horntail is the second most dangerous species of dragon. It is very lizardlike .

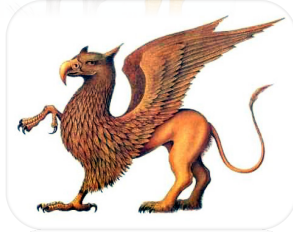

\$89.00

### Hippogriff

The hippogriff is a-sometimes dangerous-sometimes friendly beast. It is very sensitive to insults.

\$60.50

### Griffin

The griffin has the body and hind legs of a lion, and the head of an eagle. Only a handful of wizards have tamed one.

\$50.00

### Knarl

The knarl is often mistaken for a hedgehog by muggles. It will mess up the householders garden if food is left out.

\$20.20

### Cornish pixie

The pixie is a very, very mischievous creature, and is known for grabbing unwary humans by the ears.

Buy one get one free!! \$ 10.00

# Unicorn

The Unicorn is pearlish white. When it is fully grown, it has one horn. The Unicorn is very, very hard to catch or capture, and would rather have a witch approach it than a wizard. It's tail hairs and blood have a very powerful magical power. If you drink the blood, you will have a harsh and cursed life. The Unicorn is a very beautiful beast, and is a very quick runner.

\$100.99

### Garden Gnome

The Garden Gnome is a common garden pest that can get to the height of one foot. It has a disproportionately large head, and hard, boney feet.

Buy one get one free!! \$ 23.00

### Doxy

The doxy is often mistaken for a fairy though it is a very different species, and in the case of a doxy, is covered in black hair.  
\$20.00

### Plimpy

The plimpy is considered a pest by merpeople, who deal with it By tying the two legs together.

FREE WITH ANY ORDER

### Hippocampus

The hippocampus has the head and front of a horse, and the hindquarters of a fish. A hippocampus lays smi-trasparnet eggs in which the tadfoal can be seen.

\$30.30

### Phoenix

The phoenix is a very gentle creature that has never bin known to kill. When it is time f the phoenix to die, it will burst into flames, and be reborn from the ashes.
